**Project Title: Dynamic Website for Sant Dnyaneshwar Academy**

**Project Type: Web Based**

### **Abstract**

**Our goal is to create Sant Dnyaneshwar Academy's first official website—a modern, mobile-responsive platform that empowers school staff to easily update news, images, and events. The website will centralize important information, including admissions, faculty profiles, academic programs, and extracurricular activities, so that students and parents always have quick, reliable access. By improving communication and making school updates more accessible, the site will strengthen engagement between the academy and its community. This user-friendly web solution will also help boost the school's online image and reputation, paving the way for future digital growth.**
